A5
Mid Tower

Minimalistic Approach to PC Aesthetics

The tinted tempered glass side panel complements the A5's overall modern vibe. The front panel is pristinely clean and is embellished with a silver InWin logo and a brushed golden aluminium sheet.

Compact E-ATX Enclosure

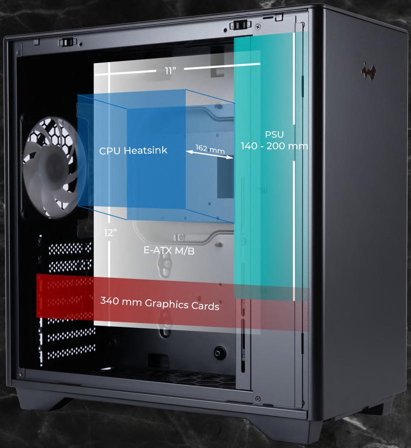
The A5 is a compact case that does not occupy much space and yet makes the most of its modest dimensions.
It's smaller than most mid towers, but allows PC builders to assemble a powerful rig!

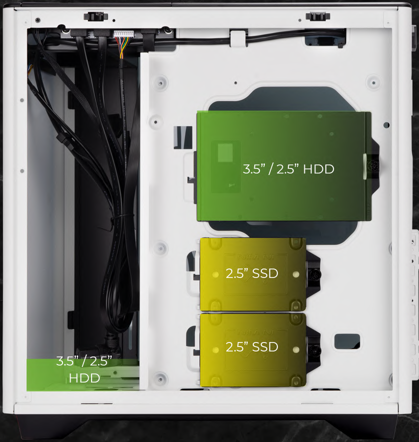
37% *smaller by volume than a standard mid tower.*

Stuff It with Hardware!

This mid tower can support up to E-ATX system builds while accommodating high-end graphics cards and power supply.

**PSUs longer than 170 mm will need to build with GPUs 280 mm or shorter.*





The A5 supports multiple 3.5” / 2.5” storage devices. The case offers strategically placed channels behind the motherboard tray for easy cable management.

Vertical Airflow Layout

Since heat rises, the A5’s internal layout works in accordance to this fact. The top and bottom feature ventilated filter panels to combat dust and heat. With the PSU secured at the front, air can naturally propel upwards in the main chamber.

GEFORCE RTX

Don’t Screw Yourself ! Go Screwless !

The toolless tinted tempered glass side panel offers a refreshing view of the internal hardware! Meanwhile, the top panel, steel side panel, and bottom filter are screwless too for easy access and cleaning.

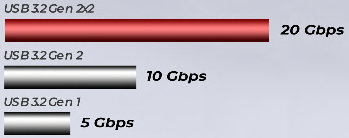
Know I/O?

The A5 features one USB 3.2 Gen 2x2 Type-C port, two USB 3.2 Gen 1 Type-A ports for fast charging speeds and outstanding data transfer rates and a headset audio jack utilizing the international CTIA standard.

TYPE-C REVERSIBLE DESIGN

SPEED UP TO 20Gbps

4X FASTER



* The transfer speeds may vary depending on hardware configuration.

Slim Silent Cooling Fan
Mercury AM120S

Pre-installed silent ARGB fan AM120S provides powerful cooling performance within a slim 20 mm frame.

Specifications

Model	A5
Model Number	IW-CS-A5BLK-1AM120S, IW-CS-A5WHI-1AM120S
Colors	Black, White
Case Type	Mid Tower
Materials	SECC, Tempered Glass, Aluminium, PC-ABS
M/B Compatibility	12" x 11" E-ATX, ATX, Micro-ATX, Mini-ITX
Expansion Slots	7 x PCI-E
Maximum Compatibility	GPU Length: 340 mm CPU Heatsink Height: 162 mm
I/O Ports	1 x USB 3.2 Gen 2x2 Type-C 2 x USB 3.2 Gen 1 HD Audio Combo (CTIA – SPK/Mic)
Internal Drive Bays	2 x 3.5" / 2.5" 2 x 2.5"
Thermal Solution Compatibility	**Air Cooling Fans:** Top: 2 x 120 mm Rear: 1 x 120 mm Bottom: 2 x 120 mm (1 InWin Mercury AM120S Fan Included) **Water Cooling Radiator:** Top: 1 x 240 mm
Power Supply Compatibility	PSII: ATX12V - Length between 140 - 200 mm (PSUs longer than 170 mm will need to build with GPUs 280 mm or shorter)
Product Dimensions (L x W x H)	399 x 215 x 407 mm 15.7 x 8.5 x 16"
Package Dimensions (L x W x H)	473 x 277 x 483 mm 18.6 x 10.9 x 19"
Net Weight	5.86 kg / 12.92 lbs
Gross Weight	6.94 kg / 15.30 lbs

* InWin's products comply with RoHS regulations.
* Specifications may vary based on different regions.
