Multi Color Schemes!

EXPLORER offers different color combinations such as Bone White and Justice White. Rep your preferred style!

Swap EXPLORER's Mask!

Two different materials are offered for the front panel, ventilated ABS and a more premium feeling SECC. Both are included for swapping. Select your desired front panel and begin building out of EXPLORER!

Simplifying PC Building

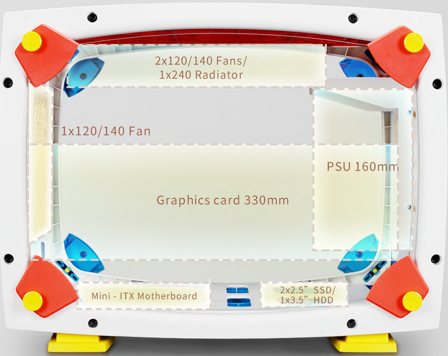
Thanks to the hassle-free design, you can build your own EXPLORER and assemble the PC system with ease. Tool-less features include quick-release side panel, quick-release dust filter and quick release front panel.

Explore with this Mini Cube!

The small footprint of EXPLORER allows you to place it in any environment without cluttering your work area. Suitable in your room, office, studio or your gaming battlestation!

Spacious Interior

EXPLORER is an ITX-Chassis that's designed for those who desire a compact, high-performance PC. The specialized motherboard tray is horizontally placed to utilize every corner of the chassis. It's capable of housing triple-slot GPUs up to 330 mm in length, ATX12V PSUs up to 160 mm in length and 140 mm case fans.



Exploring with Luna

Three of InWin's Luna AL120 fans are included in the package. The high performance of the AL120 fans provide enhanced thermal solutions. Stay cool with Luna!

Gen 2 Fast Gen 2 Furious

Built for super speed! USB 3.2 Gen 2x2 type-C is equipped and ready for data transfer.

USB 3.2 Gen 2x2
SuperSpeedPlus
20Gbps

* The actual data transfer speed will be determined by your motherboard specification.
