Antec partnered up with ASRock to design the Antec Striker Phantom Gaming Edition.

Striker Phantom Gaming Edition is composed of 4mm tempered glass panels, aluminum and steel structure. It's completely open-air frame, providing great thermal performance and giving all expert modders an extreme challenge.

Net Weight: 7.47 Kgs
Gross Weight: 8.97 Kgs

UP TO 2 x 120MM FANS AT THE REAR

90 degrees rotation of the motherboard allowing for 2 x 120 mm fans at the rear

MINI, BUT INCREDIBLE

FRONT GPU MOUNT

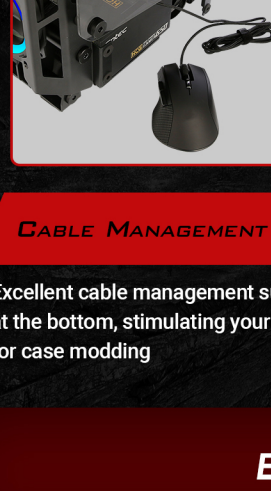

Space of Front GPU Mounting: 150 x 60 x 330 mm (DWH)

* Support for most graphic video cards' size

UP & DOWN ADJUSTABLE GPU RACK

Adjust the GPU rack to meet different graphic cards' height

CABLE MANAGEMENT SUPPORT

Excellent cable management support at the bottom, stimulating your imagination for case modding

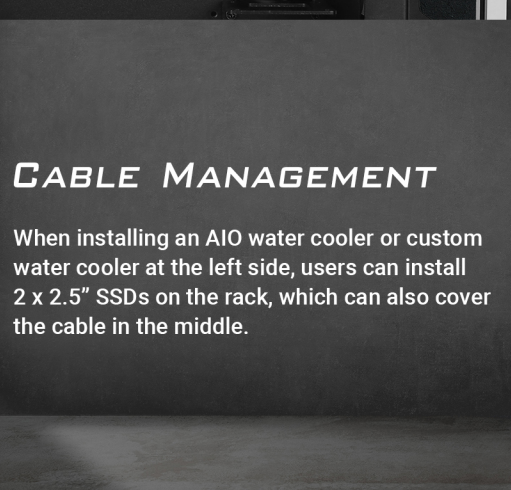

BOLD, NOTHING ELSE ALIKE

Shaped into spectacular open-air frame, The Antec Striker Phantom Gaming Edition provides great airflow without zero obstacle. The 4 mm thick tempered glass sides panels allow you to enjoy the layout you designed from any angle.

TYPE-C 3.1 READY

Located on the right side, the front access includes a Type-C 3.1, 2 x USB3.0 ports, HD Audio and power button.

To remove the 2.5" SSD tray, simply pull it up.

RIGHT SIDE SSD STORAGE

Supports up to 2 x 2.5" SSD

CABLE MANAGEMENT

When installing an AIO water cooler or custom water cooler at the left side, users can install 2 x 2.5" SSDs on the rack, which can also cover the cable in the middle.

EXTREME COOLING POTENTIAL

Install up to 2 x 120 mm fans and 1x 240 mm radiator at the side and rear for extreme cooling, with open space for you to build your ideal water-cooling system.
