

AVerMedia

I ♥ TV on my PC.

AVerTV Volar HD 2 TD110

Enjoy Free-to-Air Digital TV on your PC

AVerTV Volar HD 2 supports MPEG-2 and H.264 HDTV DVB-T TV signal. With the equipped portable high-gain antenna, which has strong signal receiving ability, provide you complete control PCTV viewing.

Fantasy PCTV Experience

Ready to support the Windows 10. You can watch & record not only live DVB-T HDTV shows but also live 3DTV* on your PC with AVerTV Volar HD 2.

*To get the best 3D effect, we strongly recommend using NVIDIA 3D Vision Kit, 3D-supported graphics card, and 3D-ready display.

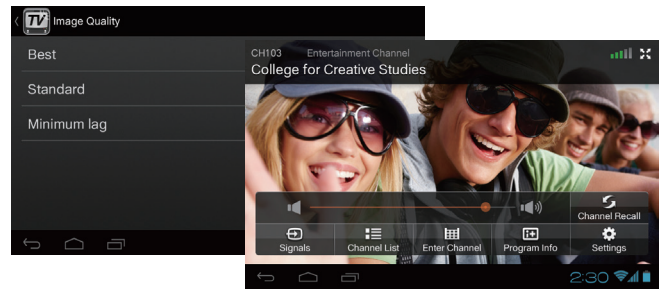

Bundle Software – AVerTV 3D

AVerTV 3D software provides you an intuitive user interface with frequent-used function buttons listed right on the toolbar. You can easily switch channel, adjust volume, or watch the astonishing and immersive live 3DTV with one click, just like the same way you do with TV.

iOS/Android App – HomeFree TV

HomeFree TV is an iOS/Android app designed especially for AVerTV Volar HD 2 users. The user-friendly and functional on-screen menu displays each key feature on your mobile device, transforming it into a handy TV-watching gadget.
