

ANTLION AUDIO

# MODMIC WIRELESS

UNBELIEVABLE QUALITY

Attach the ModMic Wireless to any pair of headphones or VR visor to craft a unique communications platform. This mic is the first aptX Bluetooth mic to deliver full DVD quality audio, making it the perfect accessory for gaming, streaming, or business audio lovers.

With 12+ hours of battery, a digital quick-mute, multiple recording modes, and full 48kHz 16 bit audio with 34ms latency, there's never been a microphone like the ModMic Wireless. It's a truly unique mic in a class of its own.
