VORTEX RGB SPB 120
PWM HDB COOLING KIT

COUGAR

RGB

120x120x25mm x3 — x1 x1

The VORTEX RGB SPB 120 Cooling kit brings you first-class silent cooling with omnidirectional addressable RGB lighting. This robust package includes the COUGAR Core Box V2, a remote controller and three Vortex RGB SPB 120 fans, everything you need to create an incredible RGB build!

WIRELESS CONTROLLER   CORE BOX V2

OMNIDIRECTIONAL LIGHTING

360º of gorgeous lighting effects come to your case with COUGAR's most potent RGB fan lighting ever. The dual lighting circle of the fans combines with the semi-translucid fan blades to ensure that you can visualize the lighting effects from any angle.

100 LIGHTING EFFECTS WITH WIRELESS DRIVER-FREE CONTROL

Use the included wireless controller to choose among 100 amazing lighting effects, all without installing any software!

SUPPORT FOR DIRECT MOTHERBOARD CONNECTION

Connect the COUGAR Core Box V2 directly to the 5V RGB connectors of compatible ASUS, MSI or GIGABYTE motherboards for system-wide synchronization and full customization.

* Please note : Only 5V addressable header from compatible motherboards are supported; please do not connect the COUGAR Core Box V2 to a 12V Non-addressable header.

> ⚠ Core Box V2 for up to 8 fans and 4 LED strips, with 3 VORTEX RGB SPB120 Fans included.

FAN SPECIFICATIONS
Dimension 120 x 120 x 25mm
Bearing Hydro-Dynamic Bearing
Speed PWM 600-1500 R.P.M
Air Flow 43.54 CFM 73.94 m^3/h
Air Pressure 1.17mm H2O
Fan Voltage 12 VDC
LED Voltage 5 VDC
Acoustical Noise 26 dBA
Cable Length 600mm
LED Lights 24
