## THE MINIMALISTIC DUO

The MS110 is a fully-featured combo set engineered for gaming success. The keyboard has the signature Cooler Master features, with exclusive linear Mem-mechanical switches for greater responsiveness than normal membrane keys. The gaming mouse is a beast in the lanes or battle royal map, with an ambidextrous shape optimized for right-handers, optical sensor, up to 3200 DPI with on-the-fly adjustment, and new innovative coating for more durability. The MS110 is pure function and finesse that's there for you when you need it the most.

### FEATURES

- **Clean, Floating Key Design** - Sleek stylings for classic good looks and convenient maintenance
- **Mem-mechanical Switches** - Exclusive linear switches that provide more responsiveness than membrane switches
- **On-board Control** - RGB lighting, windows lock and multimedia controls via function key makes customization simple without the need for bloated software
- **Gaming Grade Optical Sensor** - Adjust your DPI on-the fly with five programmed levels (400, 800, 1600, 3200)
- **Ergonomic Shape** - Right-handed optimization with new coating for increased comfort and durability
- **RGB Lighting** - 6-zone RGB illumination on the keyboard with 3-zone RGB on the mouse to illuminate your victories
