Product Overview:

High-performance mid tower case with **full tempered glass side panel** on the left side of the case to showcase the inside of your rig. **Air vents on the sides of the front panel** increase air flow and ventilation for superior cooling performance. Comes equipped with **three 12cm FRGB fans** in the front and **two 12cm FRGB fans** in the rear of the case **(Saturn 12 FRGB).**

Motherboard mounting plate is turned 90°, allowing you to install your graphics card at a 90° vertical position which lessens the stress on your motherboard. **Built-in cable compartment** in the top of the case allows for efficient cable management. **Removable HDD cages** allow you to install longer radiator or PSU.
