STORM CONTROLLER

ERGONOMIC MULTI-HOST WIRELESS GAMING CONTROLLER

The Storm Controller is Cooler Master's latest entry into the growing ecosystem of products that complement the ever-changing landscape of gaming on-the-go. As technology standards continue to evolve, peripherals are also adapting to the new technological challenges and demands of the market. Gaming anywhere, at any time is more popular than ever, and the Storm Controller is the first entry of a new family of products from Cooler Master that aim to provide unique, innovative products that enhance your technological lifestyle.

FEATURES

• MULTI-DEVICE CONNECTIVITY

Pair up to four devices* and easily swap between them with a press of a button. Use the storm controller as your main gaming peripheral for your devices and enjoy the convenience of swapping between them seamlessly.

*one connection is reserved for an Android-based device only

• WIRED/WIRELESS CONNECTIVITY

With wired and wireless connectivity options, you're free to use the controller in any situation you want. Enjoy the freedom and convenience of wireless with Bluetooth connectivity, and with connections with the press of a button. Or instantly connect by using the wired mode and charge the controller at the same time through the USB-C port. Battery life is stellar too with up to 40 hours of battery life on a single charge.

• HAND-SCULPTED FORM FACTOR WITH ANTI-SLIP HALO TEXTURE

Ergonomics are incredibly important when it comes to gaming controllers, and the Storm Controller is specifically designed to fit your hand. With an emphasis on a hand-sculpted form factor, we've also included an anti-slip HALO texture to enhance comfort over long gaming sessions.

• HYBRID D-PAD

The storm controller comes equipped with a Hybrid D-PAD allowing for easy directional presses, but also making it easier to perform sweeps or diagonals in fighting games.

SPECIFICATIONS & PACKING INFORMATION

Product Name	Storm Controller
Product Number	CMI-GSCX-**** (please see P2)
Color	Black / White
Position	Mainstream
Connectivity	Wireless (Bluetooth 5.0) & Wired via USB-C
Wireless Range	10m
Battery Capacity	1000mAh
Battery Life	40 hours
Rumble Support	Haptic Feedback Dual Motors
Size	160 x 105 x 61 mm
Support	Windows, iOS 15, & Android 5.0 and above
Warranty	1 years

Others	
EAN Code	4719512132739
UPC Code	884102105050
Net weight	220g
Package (L x W x H)	181 x 121 x 72 mm

COLOR VARIATIONS

Storm Controller Black

Storm Controller White
