

Personalize your rig with addressable RGB modes! The A1 PLUS features a tinted transparent stand and the addressable RGB lights pierce through to create

Expression Through Lights

an awesome lighting experience. Addressable RGB

GIGABYTE AURA SYNC /ISRock RGB FUSION READY POLYCHROME S Y N C

the fan placement.

Learn More

* Included RGB controller allows fans to light up without an addressable RGB motherboard.

* Please make sure your motherboard supports addressable RGB lighting.

to Qi enabled mobile devices and gaming mice.

Top Panel Wireless Charger

The A1 PLUS's convenient wireless charging

station is now WPC Qi 1.2 certified.

It now emits 10W of power to strengthen the charging capacity

Squaring Infinite Possibilities

The square structure provides a hassle-free

installation, and the capacity to house powerful

hardware in its Mini-ITX form.

The A1 supports a CPU heatsink height up to 160mm

and accommodates up to 320mm length graphics cards.
