

Product Highlights:

- Certified as Lexar Empowered by SK hynix
- Cutting-edge DRAM technology enables performance of 8000MT/s¹ and delivers better stability
- New design maximizes heat dissipation
- Exclusive, customized PCB improves performance, overclocking, and stability
- Game in style with RGB
- Capacities up to 128GB Kit

Capacities:

128GB Kit (2 x 64GB)

6000 / 6400MT/s¹

64GB Kit (2 x 32GB)

6400

48GB Kit (2 x 24GB)

6800 / 7200 / 7600 / 8000MT/s¹

32GB Kit (2 x 16GB)

6000 / 6400 / 6800 /

7200 / 7600 / 8000MT/s¹

Unmatched Overclocked Performance

Unleash the ultimate in overclocked performance with Lexar® ARES RGB 2nd Gen DDR5 Desktop Memory. Made with premium SK hynix chips for higher performance and improved stability, this memory features timing as low as CL26 (6000MT/s, 32GB Kit), a 1.88mm heatsink, and RGB lighting so you can play in style.

Certified as Lexar Empowered by SK hynix. Equipped with premium SK hynix DRAM chips to enable higher performance and better stability.

Delivers Amazing Performance. With a high frequency of 8000MT/s¹ and low latency of CL26 (6000MT/s, 32GB Kit), this memory provides everything content creators need to power through work or gamers need to plow through opponents.

New Design Maximizes Heat Dissipation. A 1.88mm-thick heatsink and an exclusive PMIC thermal conductive pad provide superior thermal conductivity.

Exclusive, Customized Printed Circuit Board (PCB). Designed with a customized PCB to offer greater performance potential, significantly improve overclocking capabilities, and increase stability.

Game in style with RGB. Features Lexar RGB Sync so you can customize your lighting to suit your gameplay style.

Rigorously Tested. All Lexar products undergo extensive testing in the Lexar Quality Labs, facilities with thousands of different cameras and digital devices to ensure performance, quality, compatibility, and reliability.

For more than 28 years, Lexar has been trusted as a leading global brand of memory solutions. Our award-winning lineup includes memory cards, USB flash drives, card readers, solid-state drives, and DRAM. With so many options, it's easy to find the right Lexar solution to fit your needs. Lexar products are available worldwide at major retail and e-tail stores. For more information or support, visit www.lexar.com.

¹ Speeds based on internal testing. Actual performance may vary. The stated frequency/timings require a compatible motherboard and CPU, with the XMP/EXPO profile enabled in the BIOS.

² Lifetime limited warranty is limited to 10 years from purchase in Germany and regions not recognizing lifetime warranty.

In cases where Lexar products are used in a system which may not operate in accordance with specifications as advertised by Lexar or are used together with other kits or memory modules from other manufacturers, Lexar will not guarantee that products meet the above specifications. Furthermore, Lexar will not guarantee that products meet the above specifications if a single module is paired with another manufacturer's DRAM module to operate as dual kit.

Product appearance, performance, software offerings, and packaging may vary depending on ship date and available inventory.
